## Contributor Earnings (same as affiliate)

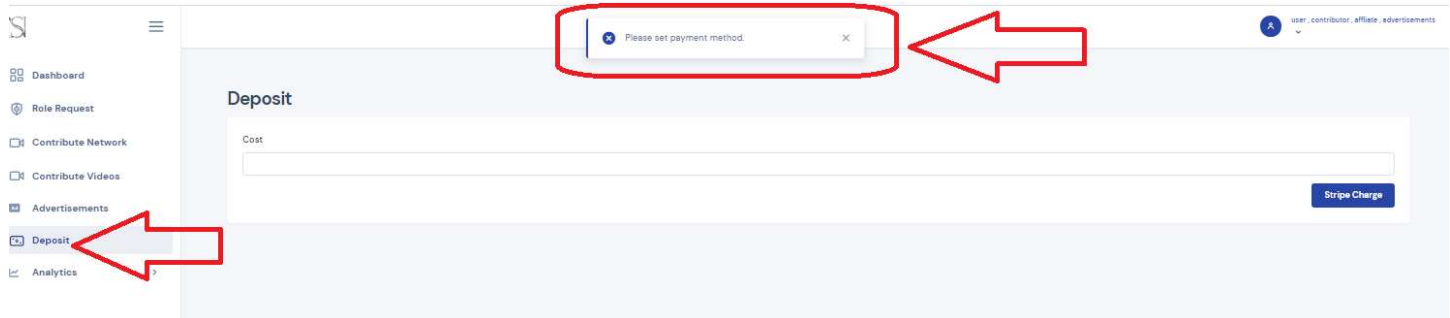

- My Earnings
- Withdrawal Request
- New Request

## New Request

Please separate the earnings – affiliate earnings and contributor earnings  
User can request the withdrawal of each.

Where does the user setup the payment?

I can't find it anymore. This is important for advertiser to add funds

Affiliate (its missing, please add it back and correct the issue)

I used the referral like to register but user ins not showing

Total Earning (from where)

Please show total earning from affiliate and total earning from Ad (Affiliate Earnings and Contributor Earnings)

User can send a request for each. And when admin approve it, it subtracted from the total.
